Coil celebrates grand opening of new Woodhaven facility

COLUMBIA, MO (July 27, 2017) – Coil Construction will celebrate the grand opening of a new Woodhaven facility at 4 p.m. on Friday, July 28.

The 5,700 square foot building is located at 410 Green Meadows Circle in Columbia. It features five aging-in-place residence units for Woodhaven's individuals served, along with one live-in staff apartment. The building is 100 percent ADA accessible with a kitchen, bathroom, bedroom and living room in each unit. The building also incorporated residential construction techniques to "blend in" with the surrounding structures.

"Woodhaven is an outstanding partner in our community, offering top-notch service and quality that allows them to become an extension to many families," said David Coil, executive vice president at Coil Construction. Coil also serves as vice president of the Woodhaven board of directors. "This new facility will become home for many to come. Welcome to the neighborhood!"

Woodhaven is a community of real people working together to help adults with intellectual and developmental disabilities succeed.

Established in 1975, Coil Construction specializes in institutional, retail, professional, industrial, Greek housing and healthcare construction throughout the Midwest, with an emphasis on construction projects in Missouri.
