

FOR IMMEDIATE RELEASE

Coil Construction welcomes new project manager

COLUMBIA, MO (August 22, 2018) - Coil Construction is pleased to announce the addition of a new member to its team, Nicklas Timberlake, P.E. A certified professional engineer, Nick joins the Coil team as a project manager.

As project manager, Timberlake will work directly with clients, and manage budgets and schedules throughout all phases of each construction project.

Timberlake was born and raised in Columbia. He attended the University of Arkansas in Fayetteville, where he earned his degree in civil engineering. His previous experience includes working as a project manager at a natural gas company and as a design engineer at a civil engineering firm. Timberlake's extensive experience in working with site design, storm water management, and public utilities offers Coil Construction more in-house expertise in the planning stages of a development project.

Established in 1975, Coil Construction specializes in institutional, retail, professional, industrial, and healthcare construction throughout the Midwest, with an emphasis on construction projects in Missouri.
