FOR IMMEDIATE RELEASE

Coil announces team member promotions

COLUMBIA, MO (May 2, 2023) – Coil Construction is pleased to announce multiple team member promotions.

Don Prose, P.E., P.M.P. has been promoted to Senior Project Manager. Don started with Coil in 2011 as a Project Manager. He earned his Project Manager Professional certification in 2020 and his Professional Engineer designation in 2021 and is ready to take his experience and leadership to the next level. "I am looking forward to increased involvement in the design phase while continuing to oversee exciting projects around Columbia. This role is an opportunity to share the knowledge and experience I've gained with my clients and coworkers."

Cody Logsdon has been promoted to Director of Regional Operations. Cody grew up in the residential construction industry and started at Coil in 2012 as a Project Manager, overseeing projects from pre-construction to timely completion. His expertise in all aspects of construction management makes him an ideal choice for this role. "I am ready to continue to grow and expand the Regional Operations department and the team within, including the opportunity to work with new clients as well as continue and maintain relationships with existing clients."

Katie Partise has been promoted to Senior Project Manager. Katie joined the Coil team in 2014 as an Assistant Project Manager, working her way up to Project Manager and now becoming Coil's first female Senior Project Manager. With a focus on document management and AutoCAD design, Katie is excited to elevate her client-focused design skills to help solve new and bigger challenges. "I truly enjoy designing projects and working with our clients, and I'm looking forward to overseeing even more jobs from concept to completion. It's a privilege to build things that matter to people in our community."

Ron Hall has been promoted to Director of Field Operations. Ron joined Coil as a Project Manager in 2019, overseeing field operations for the Regional Operations Division. Prior to his time at Coil, Ron spent 26 years as an officer with the Columbia Police Department and is eager to continue his commitment to the community both locally and throughout the region. "As the Director of Field Operations, I am excited to continue my contributions with the Regional Operations Division, while offering an additional layer of support to both the field staff and project managers company wide. This will benefit not just Coil Construction, but our clients and partners on a daily basis by continuing to build a better community."

Established in 1975, Coil Construction specializes in institutional, retail, professional, industrial, and healthcare construction throughout the Midwest.
